A YEAR OF DOMINANCE...

1974 is a year that the alliance of Peter Brock with the Holden Dealer Team Toranas dominated the ATCC.

Promising signs began to appear in the 1973 series with Brock in the Holden XU-1 Torana being the only serious threat to Moffat's championship ambitions.

Brock won five of the seven rounds in the 1974 series against generally poor Ford Opposition, most of whom were not factory supported teams.

Brock won the rounds at Symmons Plains Raceway, Calder Park Raceway, Amaroo Park, Surfers Paradise International Raceway and Adelaide International Raceway.

- The superb interior detail includes the dash mounted gauges.

- Unique front air scoop with woven metal mesh in behind it.

THE GUN IN THE TOP TEN SHOOT-OUT...

Greg Murphy's stunning performance in the top 10 shoot-out secured Kelly Racing its first Bathurst 1000 Pole Position and Greg Murphy's second with a time of 2:08.8009.

In the great race, Murphy and Simonsen went on to claim third place in the Holden Commodore clean sweep of the podium positions.
